

**ASIAN INFRASTRUCTURE
INVESTMENT BANK**

Martin L. Kimmig

Chief Risk Officer

Kimmig heads AIIB's risk management and his main responsibilities are to ensure the stability and financial continuity of AIIB. He oversees capital allocation and utilization, manages financial and nonfinancial risks (including reputational consequences) and fosters a strong risk culture throughout AIIB. Kimmig joined AIIB from The Rock Creek Group where he held the position of Managing Director covering emerging market equities. Previously, he spent a 24-year career at the World Bank Group, primarily in the International Finance Corporation where he held leadership positions in both investment operations and risk management. He holds a PhD in economics from the University of Freiburg and a CFA designation. Kimmig is a national of Germany.
