**Martin L. Kimmig**  
Chief Risk Officer

Kimmig heads AIIB's Risk Management Department. His main responsibilities are to ensure the stability and financial continuity of AIIB. He oversees risk capital allocation and utilization, manages financial and non-financial risks, including reputational consequences, as well as fosters a strong risk culture throughout the Bank. He further oversees the Bank's compliance and integrity function assuring KYC/AML/Financial Crime and sanction compliance. Before joining AIIB in September 2016, he was with the Rock Creek Group where he served as Managing Director covering emerging market equities. Previously, he spent 24 years at the World Bank, primarily at the International Finance Corporation, where he held leadership positions in both investment operations and risk management. He holds a PhD in economics from the University of Freiburg, Germany. Kimmig is a national of Germany.
