(indicates purpose and rationale, description of components, budget and implementation arrangements)
Instructions:

1. **Use of project preparation proceeds.** The proceeds of the grant funds are expected to be used to finance project preparation related activities, such as (but not limited to):
   - reviewing and improving feasibility studies;
   - conducting environmental, financial, legal, social and technical assessments and analyses;
   - providing advisory services in relation to procurement, transaction and contract management;
   - developing project implementation plans and schedules; and
   - providing project implementation support.

   Please tick items according to the proposed use of Special Fund and fill in the budget accordingly.

2. **Detailed Description of the project preparation proposal should include (but not limited to):**
   - Purpose
   - Rationale/Background
   - Components and Budget
   - Output indicators
   - Implementation Arrangements (methodology, milestones, reporting and audit arrangement etc.)

3. Signatory is a representative authorized by the client.
