(Check the flowcharts for key project information triggered for disclosure during the project process in the Annex). * The Investment Committee may approve deferral of disclosure timelines of the PSI/ES documentation based on: (a) legal or other regulatory requirements, such as timing requirements relating to securities offerings, equity investments in publicly listed companies, or purchases of shares in a private placement; or (b) the commercially sensitive nature of the transaction, involving, for example, an acquisition or a financial restructuring, where premature disclosure would compromise the financial worth or competitiveness of a corporate entity or its assets.
The disclosed PSI is updated throughout the project cycle as necessary to maintain the accuracy of the disclosed information.
