#### 2. Project Summary and Objectives

To support Rwanda's short and long-term recovery from the pandemic, and resilience to future pandemics, through investment in digital access, digital public service delivery, and digital innovation and entrepreneurship. The Project is a major national, multi-sector, whole-of-government digital-acceleration initiative centered on: 1) Expanding digital adoption and access, by promoting digital access opportunities through last- mile connectivity, affordable smart devices, and broad-based digital skills acquisition; 2) Enhancing digital public service capabilities (particularly in health and education sector) and productivity, by strengthening the national ID system, equipping the government with the ability to deliver securely more quality data-driven solutions, and enabling transactional e-services in key sectors; and 3) Increasing Rwanda's capacity to support digitally enabled innovation and productivity-gains, by strengthening the local digital innovation and entrepreneurship ecosystem, supporting tech firms to move from startups to growth and by developing Rwanda's digital human capital.

| Undisbursed:      | 91.42 | Disbursement Ratio        | F 99               |
| Undisbursed.      | 81.42 | <b>(%)</b> <sup>1</sup> : | 5.88               |

#### 5. Project Implementation Update

Overall implementation progress remains Moderately Satisfactory. As of August 30, 2023, disbursements of US\$6.14 million and US\$5.33 million had been made for IDA and AIIB, respectively, resulting in an overall disbursement of US\$11.44 to date with a total disbursement rate of 5.8%. Overall implementation progress remains rated as Moderately Satisfactory in view of the current disbursements rate; however, implementation performance is on track to improve over the course of fiscal year in view of ongoing procurement and activities now ready to be launched. Progress towards the Project Development Objective (PDO) is Satisfactory. Based on activities currently in the pipeline, the project is expected to register progress in respect to many intermediary indicators, particular

<sup>&</sup>lt;sup>1</sup>Disbursement Ratio is defined as the volume (e.g. the dollar amount) of total disbursed amount as a percentage of the net committed volume.

digital literacy training and e-services. Government has met all disbursements conditions in July 2023.

In October 2023, AIIB has also paid a co-financing fee amount of USD142,307 for FY 2023.

| hybrid models for     |          |   |  |
| digitizing records    |          |   |  |
| are being             |          |   |  |
| considered, with      |          |   |  |
| government            |          |   |  |
| leaning towards a     |          |   |  |
| hybrid model. The     |          |   |  |
| details will be spelt |          |   |  |
|                       |          |   |  |
| out in the tender     |          |   |  |
| documents due to      |          |   |  |
| be produce by the     |          |   |  |
| end of March, with    |          |   |  |
| plans to launch       |          |   |  |
| subsequent            |          |   |  |
| procurement by        |          |   |  |
| early May 2023.       |          |   |  |
| 2) Government         |          |   |  |
| data management,      |          |   |  |
| sharing and           |          |   |  |
| analytics. Two        |          |   |  |
| tenders for           |          |   |  |
| consultancy           |          |   |  |
| services to develop   |          |   |  |
|                       |          |   |  |
| (i) detailed          |          |   |  |
| technical and         |          |   |  |
| organizational        |          |   |  |
| design for the        |          |   |  |
| establishment of a    |          |   |  |
| centralized and       |          |   |  |
| collaborative         |          |   |  |
| Government Data       |          |   |  |
| Hub; and (ii) a       |          |   |  |
| national geospatial   |          |   |  |
| policy and strategy,  |          |   |  |
| as well as the        |          |   |  |
| technical design      |          |   |  |
| and                   |          |   |  |
| implementation        |          |   |  |
| plan for the          |          |   |  |
| •                     |          |   |  |
| geospatial segment    |          |   |  |
| of the Data Hub,      |          |   |  |
| have been             |          |   |  |
| advertised and        |          |   |  |
| EOIs received on      |          |   |  |
| January 31, 2023.     |          |   |  |
| RISA expects to       |          |   |  |
| award both            |          |   |  |
| contracts by June     |          |   |  |
| 2023.                 |          |   |  |
| 3) E-services in key  |          |   |  |
| sectors. Given        |          |   |  |
| targets set to        |          |   |  |
| digitalize all        |          |   |  |
| government            |          |   |  |
| services by 2024, a   |          |   |  |
| new approach to       |          |   |  |
|                       | <u> </u> |   |  |

|   | <br> |  |
|---|------|--|
| accelerate e-   |      |  |
| services  |      |  |
| digitalization has  |      |  |
| been proposed by  |      |  |
| RISA. RISA is   |      |  |
| planning to   |      |  |
| introduce a no-   |      |  |
| code/low-code   |      |  |
| platform to enable  |      |  |
| quick on-boarding   |      |  |
| of new e-services,  |      |  |
| including by third-   |      |  |
| party developers.   |      |  |
| <ol><li>E-services:</li></ol>   |      |  |
| Health sector. The  |      |  |
| e-health activities   |      |  |
| identified as ready   |      |  |
| to be launched last   |      |  |
| year, were placed   |      |  |
| on hold for some  |      |  |
| time due to funding   |      |  |
| made available by   |      |  |
| other Development   |      |  |
| Partners (DPs),   |      |  |
| which allowed   |      |  |
| Government to   |      |  |
| pilot the upgrade of  |      |  |
| key e-health  |      |  |
| systems (phase 1).  |      |  |
| Additionally, the   |      |  |
| Ministry of Health  |      |  |
| (MINISANTE)   |      |  |
| decided to conduct  |      |  |
| a fresh national  |      |  |
| assessment of IT  |      |  |
| equipment needs,  |      |  |
| resulting in some   |      |  |
| changes proposed.   |      |  |
| RISA and  |      |  |
| MINISANTE have  |      |  |
| agreed to now<br>proceed with the   |      |  |
| proceed with the procurement of ICT                                       |      |  |
| equipment for   |      |  |
| some 90 referral  |      |  |
| hospitals, district   |      |  |
| hospitals, and  |      |  |
| health centres,   |      |  |
| where core  |      |  |
| systems are   |      |  |
| already in place,   |      |  |
| but equipment is  |      |  |
|   |      |  |
| -   |      |  |
|   |      |  |
|   |      |  |
| missing, while<br>acknowledging that<br>project funds<br>cannot equip all |      |  |

|                           | <br> |  |
|---------------------------|------|--|
| public health             |      |  |
| facilities and will       |      |  |
| thus need to be           |      |  |
| supplemented by           |      |  |
| other DPs. To             |      |  |
| optimize                  |      |  |
| procurement, RISA         |      |  |
| will separate basic       |      |  |
| and more                  |      |  |
| advanced                  |      |  |
| equipment,                |      |  |
| leveraging RISA's         |      |  |
| existing framework        |      |  |
| contract to acquire       |      |  |
| the former and            |      |  |
| launching a new           |      |  |
| government                |      |  |
| framework                 |      |  |
| contract for the          |      |  |
| latter before June        |      |  |
| 2023.                     |      |  |
| 5) E-services:            |      |  |
| Digitalization of SACCOs. |      |  |
| Procurement of a          |      |  |
| firm set to provide       |      |  |
| quality assurance         |      |  |
| and auditing of the       |      |  |
| SACCO automation          |      |  |
| process is currently      |      |  |
| at the RFP stage,         |      |  |
| and due to be             |      |  |
| onboarded by June         |      |  |
| 2023.                     |      |  |
| 6) Cybersecurity          |      |  |
| resilience.               |      |  |
| Contracting of a          |      |  |
| firm set to conduct       |      |  |
| a baseline                |      |  |
| cybersecurity             |      |  |
| capacity                  |      |  |
| assessment,               |      |  |
| including support         |      |  |
| for the                   |      |  |
| development a             |      |  |
| related action plan       |      |  |
| for the National          |      |  |
| Cyber Security            |      |  |
| Authority (NCSA),         |      |  |
| initially due in          |      |  |
| September 2022, is        |      |  |
| now being                 |      |  |
| finalized.                |      |  |
| 7) Data protection        |      |  |
| (DP). The NCSA            |      |  |
| noted that the            |      |  |

| selection of an       |        |     |        |
|-----------------------|--------|-----|--------|
| embedded DP           |        |     |        |
| advisor was now at    |        |     |        |
| due diligence         |        |     |        |
|                       |        |     |        |
| stage, having been    |        |     |        |
| relaunch.             |        |     |        |
| Component 2:          | NI / A | N/A | NI / A |
| Component 3:          | N/A    | N/A | N/A    |
| Digital Innovation    |        |     |        |
| and                   |        |     |        |
| Entrepreneurship      |        |     |        |
| 1) Ecosystem          |        |     |        |
|                       |        |     |        |
| support. A firm       |        |     |        |
| hired to conduct an   |        |     |        |
| entrepreneurial       |        |     |        |
| ecosystem market      |        |     |        |
| assessment was        |        |     |        |
| contracted in         |        |     |        |
| December, began       |        |     |        |
| working on the        |        |     |        |
| assignment in         |        |     |        |
| January 2023 and is   |        |     |        |
| scheduled to          |        |     |        |
| complete the          |        |     |        |
| assignment in April   |        |     |        |
| 2023.                 |        |     |        |
| 2) Early-stage        |        |     |        |
| finance (EF). A firm  |        |     |        |
| began work on the     |        |     |        |
| feasibility study for |        |     |        |
| the EF mechanisms     |        |     |        |
| for innovative        |        |     |        |
| technology-           |        |     |        |
| enabled start-ups     |        |     |        |
| in mid-July and was   |        |     |        |
| due to complete       |        |     |        |
| the assignment by     |        |     |        |
| mid-October 2022.     |        |     |        |
| However, delivery     |        |     |        |
| has been delayed      |        |     |        |
| due to continued      |        |     |        |
| deliberations to      |        |     |        |
| ensure that the       |        |     |        |
| recommendations       |        |     |        |
|                       |        |     |        |
| made fully consider   |        |     |        |
| the key project       |        |     |        |
| parameters and        |        |     |        |
| inputs from the       |        |     |        |
| BRD. The firm is      |        |     |        |
| due to share new      |        |     |        |
| recommendations       |        |     |        |
| by the end of         |        |     |        |
| February 2023.        |        |     |        |
| RISA and BRD          |        |     |        |
| agreed to share the   |        |     |        |

| design for EF        |     |     |     |
|----------------------|-----|-----|-----|
| models proposed      |     |     |     |
| by mid-March, for    |     |     |     |
| final WB feedback,   |     |     |     |
| before the firm      |     |     |     |
| concludes the        |     |     |     |
|                      |     |     |     |
| assignments in       |     |     |     |
| April 2023.          |     |     |     |
| 3) Next generation   |     |     |     |
| capabilities for the |     |     |     |
| digital economy.     |     |     |     |
| Rwanda Coding        |     |     |     |
| Academy (RCA) has    |     |     |     |
| doubled its annual   |     |     |     |
| enrolment of         |     |     |     |
| students from 60 to  |     |     |     |
| 120, thanks to the   |     |     |     |
| support being        |     |     |     |
|                      |     |     |     |
|                      |     |     |     |
| project. RISA is in  |     |     |     |
| negotiations with a  |     |     |     |
| firm that has been   |     |     |     |
| selected to develop  |     |     |     |
| a sustainable        |     |     |     |
| operating model      |     |     |     |
| for the RCA and      |     |     |     |
| prepare bidding      |     |     |     |
| documents for RCA    |     |     |     |
| scale up             |     |     |     |
| interventions as     |     |     |     |
| well as design of    |     |     |     |
|                      |     |     |     |
| the performance-     |     |     |     |
| based bootcamps      |     |     |     |
| program for          |     |     |     |
| advanced digital     |     |     |     |
| skills. The firm is  |     |     |     |
| expected to come     |     |     |     |
| on board in early    |     |     |     |
| March 2023.          |     |     |     |
|                      |     |     |     |
|                      |     |     |     |

| Sector Federation    |     |     |     |
| has been identified  |     |     |     |
| and formally         |     |     |     |
| appointed.           |     |     |     |
| 2) Annual Work       |     |     |     |
| Plans and Budget     |     |     |     |
|                      |     |     |     |
| (AWP&Bs) and         |     |     |     |

| training plans. It   |  |  |
|----------------------|--|--|
| was agreed that      |  |  |
| RISA and BRD will    |  |  |
| update their         |  |  |
| respective AWP&B     |  |  |
| to reflect mission   |  |  |
| discussions and      |  |  |
| share these with     |  |  |
| the WB for review    |  |  |
| by the end of        |  |  |
| March.               |  |  |
| 3) PIU staffing. As  |  |  |
| of now, it was       |  |  |
| noted that 13 out    |  |  |
| of 16 RISA SPIU      |  |  |
| staff members        |  |  |
| have now been        |  |  |
| onboarded.           |  |  |
| Moreover, the        |  |  |
| Legal Specialist and |  |  |
| Social Specialist    |  |  |
| positions are        |  |  |
| currently both at    |  |  |
| the contract         |  |  |
| negotiation stage.   |  |  |
| 4) Other PM          |  |  |
| services and         |  |  |
| related issues. The  |  |  |
| WB has reviewed      |  |  |
| initial ToRs for a   |  |  |
| firm that will       |  |  |
| provide cross-       |  |  |
| cutting              |  |  |
| communication        |  |  |
| services.            |  |  |
|                      |  |  |
|                      |  |  |

#### Financial Management:

The project's financial management (FM) arrangements are on track to being satisfactory. The Project Implementation Manual (PIM) contains detailed FM guidelines. The FM capacity of BRD is adequate now with the SPIU Financial Management Specialist (FMS) and an accountant. The WB received IUFRs, which the WB will share with AIIB. The following project audits are expected: 1) one is for RISA for the period ending June 30, 2023 and submitted by December 31, 2023; and another one is for BRD for the period ending December 31, 2023 with a due date of June 30, 2024.

<sup>6.</sup> Status of the Grievance Redress Mechanism (GRM)

Project Implementation Monitoring Report (#3) Reporting Period From 2023/05 To 2023/10

Due to delayed recruitment of Social Specialist and Legal Specialist from RISA, the SPIU-level Grievance Redress Mechanism (GRM) at RISA is yet to be fully operational and related capacity building on GRM is pending. RISA has submitted a draft proposal for a community based GRM for review. Depending on the modalities for hiring staff for the SACCO digitization workstream, related provisions will need to be made in the MoU between RISA and MINECOFIN to ensure that a GRM is readily accessible to staff hired. More activity specific GRMs will be set up once the activities are launched.

7. Results Monitoring (please refer to the full RMF, which can be found on the last page of this PIMR)

No real activities have commenced and hence no progress on indicators are reported this period.

Remarks:
